**RE: Federal Permit Number: NH0000710  
Discharge 001**

Dear Ms. Mason:

I enclosed the March 2015 Discharge Monitoring Reports for the Powder Mill Fish Hatchery for Discharges 001.

Upstream water sample for pH was performed when pH was less than 6.5. The pH was less than 0.5 S.U. difference into receiving waters so compliance was met.

The weekly tests are performed by the Fish Culturists at Powder Mill Fish Hatchery.

Thomas W. Givetz
